

## WALTER BACHER

\*1908 †1960

Geboren in Brixen (Südtirol) arbeitete er bereits mit 14 Jahren als Bildhauerlehrling und besuchte später zwei Jahre die Münchener Kunstschule und anschließend für vier Jahre die Kunstabakademie in München. Seine Werke schmücken Kirchen und Museen in Europa und Übersee. Eines der bekanntesten davon ist unsere nach ihm benannte Krippe, zu der der Sammler auch über viele Jahre hinweg die passenden Ergänzungsbilder nachkaufen kann.

Born in Brixen (South Tyrol) he apprenticed to a well known sculptor at the age of fourteen. Then he attended two years of art school in Munich, and four additional years at the Academy of Art. His works are displayed in churches and museums both in Europe and overseas. One of his most famous creations is our crib set.

Nato a Bressanone (Bolzano) egli divenne apprendista di un famoso scultore-maestro già all'età di 14 anni. In seguito frequentò la scuola d'arte di Monaco per due anni e l'Accademia delle Belle Arti di Monaco per quattro anni. Le sue opere si trovano in chiese e musei d'Europa e d'oltre mare. Una delle più note è appunto costituita dal nostro presepio.
