ULRICH BERNARDI

Ob seiner sakralen Motive und Putten bekannt, hat dieser Grödner Künstler sein ganzes Leben dem Zeichnen und Modellieren gewidmet. Kennzeichnend für sein Kunstschaaffen ist die Darstellung der europäischen Folklore. Seine Werke fallen durch seine Schlichtheit und ihren liebenswerten Gesichtsausdruck auf. Unsere, von ihm geschaffene Florentiner Krippe, zu der der Sammler auch über viele Jahre hinweg die passenden Ergänzungfiguren nachkaufen kann, reiht sich würdig in sein Kunstschaaffen ein.

Known for his designs of religious figures and cherubs, a native of the Groeden Valley, he has made a life of modelling and designing. The spirit of his work is embodied in the European folklore. Simple attire and innocent expressions are the characteristics of his work. He has romanced our famous crib in the true ageless European style.

Conosciuto per i suoi motivi di figure religiose e di putti, questo artista gardense ha dedicato tutta la vita al disegno ed alla scultura. La sua opera è caratterizzata essenzialmente dalla raffigurazione del folclore europeo. Le immagini da lui create si distinguono per la loro semplicità e l'espressione innocente. Il nostro presepe da lui creato è un degno esempio della sua arte.
